

Ricardo Zibeon

Full-stack Developer

CORE COMPETENCIES

- Full - stack developer
- Python Developer
- React Developer

PERSONAL PROJECTS

Kanye West Api

https://github.com/RicardoZibeon/kanyewest_api

- Python flask app sending daily sms's to your device of kanye west tweets.

Password Generator

<https://github.com/RicardoZibeon/passwordgenerator>

- Use a password manager that generate an automatic password for your websites & social platforms , and save it to a basic database on your own device. for this projects i used the tkinter module for the canvas , label & windows.

Snake Game

<https://github.com/RicardoZibeon/snake-game>

- I think we all remember the good old days of Nokia 3310 , and i absolutely loved the snake game , so i decided why not make this game with python.I used the Turtle module as a square,then i added 2 and made it follow the first turtle.
